Edged by a snow gum forest, experience the beauty of Tasmania's highlands with a stay at Derwent Bridge Chalets and Studios, just five kilometres from Lake St Clair, at the southern end of the world-renowned Overland Track in the Cradle Mountain - Lake St Clair National Park. Derwent Bridge is about two and a half hours drive from Hobart, Strahan, and Launceston and about three hours from Cradle Mountain and Devonport.

Enjoy a range of superb wilderness bush walks or go trout fishing. You can also take the walkers ferry on Lake St Clair to see its beauty or bring your bicycle for a ride or canoe for a paddle.

Each of the 3 1/2 star chalets and 3 1/2 star studios is fully self-contained, quiet, private and designed for your comfort and convenience. Two of the chalets have romantic spas just for couples, three chalets are suited to families or groups, and one is a charming retreat for two.

The four, almost new, studios are perfect for one or two persons only and are

great value with their facilities and comfort. All the chalets and studios have TV, DVD and CD players while all the chalets have full laundry facilities. The studios share a coin-operated laundry.

All guests are offered complimentary ground coffee for their plunger, port & chocolate mints for the evenings and a newspaper delivered to the door early each morning.

Friendly, quality, affordable accommodation, in a wonderful setting.

The drive from Hobart only takes about 75 minutes, but it can take much more if you like to have a look at the lovely little towns and scenery on the way.

Once you get there you will be amazed at how pristine the location and the beach is. The rolling waves do crash a bit at times, but that will only serve to relax you and send you to noddy land.

Light the fire, open a good wine, drag over a couple of old easy chairs and kick back. There is a selection of music to wack on the CD player. If that's not your style, try fishing off the beach out the front.

A good surf rod will soon have a couple of pretty good sized flathead in the bag. What about snow walking and sight seeing. What about 4 wheel driving.

How about reading, playing your guitar, writing poetry or even a novel. If you have kids, you won't see them till they get hungry. You can't get them off the beach. Deep blue water (extremely clean) and a beautiful white sandy beach to lay or walk on. Allow plenty of days to chill out.
